### Suggested Paragraphs

#### My favorite story

I'd like to write about my favorite story. It's one of Goha stories. Goha is a man who goes to the market with his son and a donkey. They take turns riding the donkey because it's a long journey. When the boy rides the donkey, the people they pass say he should let his father ride. When the man rides the donkey, they say that he should let his son have a turn. Then, they say the donkey must be tired. So, in the ending of the story, they both carry the donkey!

#### The boy who cried wolf

I'd like to write about the boy who called wolf. A boy named Peter, bored while shepherding. He lies repeatedly about a wolf to villagers for fun. When a real wolf comes to attack Peter's sheep, Peter cries for help, but the villagers ignored him. He learns a lesson about the consequences of telling lies.

#### My favorite things

From: Hugo

To: Tom

Hello Tom,

My name is Hugo and I live in Biarritz, France. I live on the coast and I love sailing my boat. Last week, I was sailing when I saw something in the water-your message in a bottle! This means it traveled over 6,000 kilometers. I enjoyed reading about your favorite things. My favorite things are my boat, mangoes, and the color green.

You are very welcome to come and visit me in France one day!

With best wishes,

Hugo

I'd like to write about eco-tourism in Egypt. Egypt is an amazing country. People can go snorkeling in the Red Sea, go on a desert safari, climb mountains, or sail on the Nile. So, tourism is important- but eco-tourism is becoming very popular, too. Eco-tourism is a way of traveling that doesn't damage the environment. It is designed to protect nature.

**A vacation in Egypt**

I'd like to write about a vacation in Egypt. We're going on a tour to see the birds and animals which live near the water. We'll travel along the river in small boats, and camp intents at night. We'll bring our cameras, because we'll see some amazing things. We hope to see lizards and turtles, as well as lots of interesting plants.

**Bird migration**

I'd like to write about bird migration. Many birds migrate to and from Egypt, and across it, because of where it is in the world. North Africa is hotter than Europe, so in winter, many birds leave northern European countries and fly to Egypt and other warmer places. This means that lots of interesting birds migrate to Egypt, such as eagles, falcons, and swifts.

**A blog about animals habitat**

Hello, I'm Fares - welcome to my blog !I'm writing today about something which I think is really important. I think we should all try to protect animal habitats. Animals need safe places to live, find food, and look after their babies. They are part of our planet, so we must make sure that the things we do don't hurt them.
